A Lillie Mae's Crafts original design by Brenda Greenwalt

Cotton Candy

Approximately 14 inches tall

Read through all directions before beginning.

For illustrations of the different steps and techniques as well as the stitches visit my "Stitch 'n' Stuff" page on my website at <http://www.lilliemascrafts.com>

Body:

1. Print out all body pieces including head, body, arm and leg patterns.
2. Head: On double muslin, with a mechanical pencil, trace pattern; sew directly on traced lines. Do NOT leave an opening. Cut out about 1/4 inch away from sewn lines. On center of back, about 1 inch up, cut a slash for turning. Clip curves and turn. Stuff firmly. Do NOT sew opening closed.
3. Body, arms and legs: On double muslin, with a mechanical pencil, trace patterns; sew directly on traced lines being sure to leave open where indicated on pattern. Cut out about 1/4 inch away from sewn lines. Clip curves and turn. Stuff firmly, sew openings closed.
4. Stain with recipe and instructions given at the end of these directions.
5. Push the neck into the slash on the back of the head and tilt the head slightly to one side. Either glue or sew to secure.
6. Attach arms where indicated on pattern.
7. Legs: Attach a piece of thread to top of each leg (to hang for drying). Print out the sock template and wrap around leg right above feet; trace top of sock pattern. Paint sock and entire foot antique white. Hang to dry. Once completely dry, sand lightly. Wrap shoe template around shoe making sure the front and back touch and match. Trace top of shoe template with mechanical pencil. Paint shoe black. Hang to dry. When completely dry, sand lightly. Do the same for the shoe strap template.
8. For the shine on the shoes, I used Delta Sparkle Glaze which has an iridescent sparkle, but you may use varnish or whatever you prefer. Hang to dry once again.
9. Attach legs where indicated on pattern.

Face:

1. Eyes: Print and cut out the eyes (in pattern section). Position these on the face where desired and pin in place with straight pins. Very lightly trace around these with a mechanical pencil; use a mechanical pencil as it leaves a thinner line than a regular pencil. If using a regular pencil, your lines will be thicker therefore when you paint the eyes in they will be larger than the pattern. With a very small brush and using your antique white paint, very slowly outline eyes first and then fill in. When completely dry, sand lightly. Position buttons on eyes where desired and hold in place with large-head straight pins. Thread your doll needle with black quilt thread and going in from the top of the doll's head (this will be covered with her hair) sew on the eyes.
2. Nose: Print and cut out nose pattern. Position on face where desired and pin in place using straight pins. Very lightly trace around this with a mechanical pencil. Using a double strand of pink embroidery thread go in from the top of the head and embroider the nose with a satin stitch. Tip - I usually unthread my doll needle here and rethread on a smaller, sharper needle.
3. Mouth: Thread your 3-inch doll needle with a double strand of your brown embroidery thread. Going in at the very top of her head (this will be covered up with her hair) embroider the mouth using a simple backstitch.
4. Eyelashes and eyebrows: With a mechanical pencil and using the picture as a pattern, trace in eyelashes (1/4 inch each). Tip - use a wooden or plastic ruler, measure and trace. Thread your doll

needle with a single strand of brown embroidery thread and backstitch the eyelashes. Do the same for the eyebrows which should measure 1/4 inch across.

5. Cheeks: Dip your brush into Princess Pink paint and pounce off most of the paint onto a paper towel. Unless you want her cheeks very bright, be sure to pounce off MOST of the paint. If her cheeks are not colorful enough for you, you can always add more...but begin by applying only a small amount. With your brush and checking picture on pattern for placement of cheeks, paint on cheeks. When dry, lightly sandpaper.

Hair:

1. Insert pieces of matching embroidery thread in the places on the head as indicated on the pattern.
2. Cut 5 pieces of doll hair each 10 inches long. Unwind each strand which will give you 3 individual strands.
3. Take 2 of the unwound strands and fold them twice, tie to head with the matching embroidery thread insert in head. Do this for each of the 11 places on head.
4. Clip loops and trim.

Blouse:

1. Print and cut out blouse pattern, trace on double material being sure to place on fold where indicated, cut out.
2. With right sides together, sew side and shoulder seams using 1/4 inch seam allowance. Clip curves and turn.
3. Turn hem under 1/2 inch and hem.
5. Turn sleeves under 1/4 inch and, with matching embroidery floss, hem with a running stitch.
6. Stain with recipe and instructions given at the end of these directions.
7. Place blouse on doll, turn neck under 1/4 inch and, with matching embroidery floss, take a few small stitches on both sides of neck.

Bloomers:

1. Print and cut out bloomer pattern, trace on double muslin. Do NOT cut out. Sew on traced lines, side seams and center lines (see pattern).
2. Cut out about 1/4 inch away from sewn lines. Turn.
3. Stain using the recipe and instructions given at the end of these directions.
4. Turn leg hems under 1/2 inch and hem with a running stitch using matching embroidery thread.
5. Turn waist under 1/2 inch and hem with a gathering stitch using matching embroidery thread, pull to gather and secure in back.

Hair Bow:

1. Print and cut out hair bow pattern, trace on single layer material and cut out.
2. Stain using the recipe and instructions given at the end of these directions.
3. Fold this over and sew seam using 1/2 inch seam allowance.
4. With matching embroidery thread, sew a running stitch all around the hair bow about 1/2 inch away from the sides.
5. Sew or glue to head.

Cotton Candy:

1. Print out cotton candy cone pattern on card stock.
2. Starting at a corner, roll it up, glue or tape. Trim off edges at top.
3. In a spray bottle, mix 1/2 parts water and 1/2 parts Princess Pink paint.
4. Grab a bit of your stuffing and spray with the paint mixture. Let air dry or, as I did, put in front of a small table top heater or fan.
5. When completely dry, pick off a few specks to glue to face, glue rest to top of cotton candy cone.

6. Glue to hand.

Staining: Combine $\frac{1}{4}$ cup instant coffee, 2 cups hot water, $\frac{1}{4}$ cup Vanilla extract and $\frac{1}{4}$ teaspoon fragrance oil (Some of my preferred scents are cinnamon bun, sugar cookies, and vanilla) in a glass jar with lid. Shake for few minutes until thoroughly mixed. If the scent is not strong enough for your preference, add another $\frac{1}{8}$ teaspoon of fragrance oil and continue this until the scent is to your liking. However, I would suggest only adding $\frac{1}{8}$ teaspoon of fragrance oil each time because if you add too much and the scent is too strong for you, you will have to start over. Line an old cookie sheet with old rags and lay what you're staining here. With a sponge brush or spray bottle thoroughly coat. Bake for 10 minutes at 200 degrees. Check often as this can catch on fire. If you have to bake longer, only bake at 5 minute increments and always KEEP checking the oven. Store left over stain mixture in glass jar with lid for your next primitive project.

You're done with Cotton Candy. I hope you enjoyed making her as much as I enjoyed designing her. If you have any problems or questions at all, please don't hesitate to email me or visit my "Stitch 'n' Stuff" page at <http://www.lilliemaescrafts.com>
